David Hall Scholarship Award

ASNT Pacific NW Section (PNWS) 2022 Scholarship Application

Description, Criteria, Selection Guidelines, and Application Format:

Two students pursuing a career in nondestructive testing (NDT), or a career that will involve NDT, will be awarded \$1,000.00 and a two-year membership in ASNT. The student must meet or exceed the criteria as outlined below.

The student must be enrolled full-time in a two-year technical college or four-year university and majoring in one of the following: NDT, Materials Science, Aerospace, Physics, Civil Engineering, or Mechanical Engineering. Additionally, eligible students must also plan to pursue a career in which they will either incorporate or practice NDT. The applicant must have a minimum 2.5 GPA or higher submitted in the form of a transcript (For first year students, a signed affidavit from the instructor is needed if transcript cannot be acquired). If you have previously participated in this scholarship award, you may not use the same essay topic.

An essay must be submitted with a minimum of 500 words and a maximum of 750 words. A cover sheet must be included listing the title of the essay, student's name, address, phone number, email, school they attend, and a statement about how they will use the scholarship to further their NDT career or a career that will involve NDT. The cover sheet must state that all of the information provided is accurate and it must be signed. The essay shall be typed on plain paper, and double spaced using Times New Roman 11 point font.

Essay Topics Shall be one of the following:

1. What specific Nondestructive Testing Method interests you the most and why?
2. Describe the interface between NDT, Quality Engineering, and Process Engineering in a manufacturing environment.
3. Describe emerging NDT technologies you may decide to pursue as a career and why?
4. How does integrity relate to the NDT field and why is it important?
5. NDT is a vast and expansive career field. Give examples of uses for NDT in aerospace, maritime, oil and gas, and chemical industries.

Submit Essay to: ASNT PNWS Scholarship Chair Megan Davey at Megan.Davey@cptc.edu by April 1, 2022. Please remember to sign the cover sheet and state that all of the information provided is accurate.

Award Selection Guidelines:

Based upon the criteria listed below, the scholarship committee will review each essay submitted and recommend the award candidate to the scholarship chair. The following three requirements will be judged on a scale of 1-10, with a maximum total of 30 possible points.

- Was the essay submitted on time with a cover page listing all required information?
- Was the format and content rules followed?
- Is the content appropriate for the topic selected?

The scholarship awards shall be presented on May 10, 2022 at 6:30PM during the PNWS virtual section meeting. Please direct questions to the PNWS Scholarship Chair, Megan Davey: Megan.Davey@cptc.edu
